MINER KILLED WHILE CROSSING RAILROAD CARS

Andy Tomash, aged 50, was instanly killed Saturday morning last while on his way to West Brownsville to work at the mines of the Lilley Coal & Coke company. While on the cars, a switch engine gave the car a bump, which threw Tomash to the tracks and several cars passed over his body. The deceased is survived by his widow and several children.

GOOD GAS WELL ON THE FINLEY FARM

A test of the well brought in last week on the Finley farm near Webster, by the Monessen Oil & Gas company, showed a flow of 800,000 cubic feet of gas, and the stockholders are more than pleased with the prospects of a paying well. The gas was struck in what is known as the 1-foot sand, after the drill was down 2,400 feet. The well has been capped and the product will be turned into the lines of the Peoples Gas Company just as soon as sufficient tubing can be secured for the connection. The Monessen Oil & Gas company is a two-well proposition, the first one drilled earlier in the season on the Booth farm having been a "duster."

"DEADHEADS" WERE CAUGHT FLAT FOOTED

An unlooked for stunt was pulled off Labor Day at the Belle Vernon ball park, which appeared to catch a good many dollars from those who had hoped to see the ball game without expense. Tickets were sold for entrance to the park, but none were taken at the gate, the purchaser being told to hold on to the pasteboard. And it was well he did, for after the grounds had been filled with spectators ticket takers went through the audience collecting tickets. Those who held on to their pasteboards were all right, but those who did not compelled to come across or leave the have the necessary credentials were grounds. It was a clever ruse with excellent financial results.

I will collect that rent, positively in advance and guarantee no vacancies. Clyde B. Cope, Real Estate and Insurance, 315 McKean avenue. 21-tf*

ELECTION FACILITIES MUST BE INCREASED BY COMMISSIONERS

WILL HOLD HEARING SEPTEMBER 22ND

The Public Service Commission will hold a hearing on the 22nd inst. at which time the wagon coal mine operators will be given a hearing on the order forbidding open-top cars for bituminous mine operators who do not have a tipple or siding. It is expected that the order will be fought to a finish at this session and the operators have organized to meet the railroads and other organizations who contend the order is essential for proper distribution of fuel.

FINE RACING FOR THE DAWSON FAIR

Silky coated trotters and pacers fresh from their victories at Wheeling and other half mile tracks, ready to battle for the big purses hung up by the Dawson Fair Association will greet visitors to Dawson Park Wednesday, Thursday and Friday afternoon. Sleek thoroughbred runners fresh from the big tracks in Maryland and Kentucky with jockeys that have been riding in Canada and the states will add to the gayety of the afternoon sport. Several big stables that have not heretofore raced in this state have shipped in their stake trotters and pacers to compete in the dozen speed events of the racing program.

Dawson track is estimated by the horsemen to be fully three seconds faster than any other half mile track in thecountry, and safe at all times for the harness horses. Large purses with the most liberal conditions has attracted many horsemen who have never before visited Dawson track before, assuring the patrons of a high class speed program. A large number of free attractions have arrived for the fair and a carnival of vaudeville will be staged free for the benefit of the patrons of the big fair.

Dr. Greenfield writes friends in Charleroi that he is well located, with one of the leading chiropractors of the state of Illinois, and that ultimately he hopes to establish an office for himself, possibly in the western metropolis.

Executive Committee Meeting

A meeting of the executive committee of the Agricultural and fashion show will be held Friday evening at 8 o'clock in the borough building, at which time it is expected that all business details in connection with the local exposition will be closed up. Every member of the committeeisurged to be present.

Many Districts in County Have Over 700 Voters To Care For

MAY NEED ADDITIONAL BOXES

The largely increased number of voters in many of the election districts of Washington county by reason of the registration of female directors is likely to cause the county commissioners some concern in the matter of equipping the polling places with extra booths, as well as adding very greatly to the number of ballots that they will be called upon to supply for the November election. There are 14 districts that have registered between 500 and 700 voters Four districts have between 700 and 750 names upon their registry lists. Five precincts have totals of between 800 and 900 names, and one district 941 voters enrolled. There is not much doubt that all of these districts will require additional booths and in some of those where the registration has been so heavy it is possible that an extra ballot box will have to be provided to be used in case the original one should be filled to capacity.

Election officers who are confronted with the possibility of having to care for a larger number of voters than heretofore should communicate with the county commissioners and arrange for their additional requirements.

It is also likely that after the November election a number of petitions will be prepared for presentation to the county courts, asking for additional voting precincts in many of the boroughs and townships of the county. This will be particularly true in districts where the registration is quite heavy, and where it will be almost impossible for the boards to handle the voters already registered. In some localities also, and this is particularly true in some of the townships, a large number of voters will not go to the polls because of the long distance they will have to travel in order to reach the election house. This matter will also receive some attention after the coming election. Sufficient time is not now available to take action with reference to creating new election districts as it will be necessary to appoint viewers and locate the boundaries of the new voting districts before court can act. However, it is anticipated that Washington county will have quite an increase in election districts within the coming year because of the increase in the registration of voters.

HARDING'S COMMON SENSE

The extraordinary response to Senator Harding's speech at the Minnesota state fair is now recognized by everybody to be not only local but national. It does not come merely from the farmers of the west; it comes from Americans everywhere. The reason is no mystery to anybody who comprehends the nature and spirit of our race. The American people are engines of energy and drive. They are men of action and daring. They give unbounded devotion to their ideals and they smash terrific blows in defense of them. But always they are full of common sense.

Raising their crops by sane rules and hard work, operating their mills and factories by the lessons of experience, digging their ditches or building their institutions by plain arithmetic and proved practice.fighting their battles of the war with blood and brawn, the American people have had to watch dreamers and incompetents trying to run the American Government on academic experimentations, per personal inspiraion and fantastic vicions.

The American people are sick and tired of the nonsense which radiates from the Democratic Administration. They are disgusted with the incessant consequences of Democratic mismanagement and squander. They are eagerly impatient to smash the Democratic proposals to internationalize the Government of the United Sates make the people of the United States subject to a foreign superstate.

The American people don't want to argue and they will not argue with Wilson infatuation or Cox buffoonery: they want to kick it out of their path. They want to do it and they will do it,whether in the primaries of steady New Hampshire and keen witted Connecticut, of youthful and liberal Wisconsin, or of Southern Georgia, rock ribbed in Democracy.

So, from the common sense of the American people, yearning for common sense in the government as in business, in the State Department as in a lawyer's office, in the Treasury as in a banking house; in the Agricultural department as on a farm, and in the Post Office Department as in a steel plant, or a merchandising house. Harding's common sense, explaining fundamental national problems in the simple, clear, convincing language of his great speech to the people of St Paul and Minneapolis, gets anational response of enthusiasm and power.

The American sweep to Harding looks as if it might become an avalanche when the nation goes to the polls in November.

SCHOOL ENROLLMENT HEAVY IN MONESSEN

Although enrollment figures have not been completed, the figures submitted last week, to Superintendent Gress of the Monessen schools showed that already 4,300 pupils had been enrolled in the public school of that borough, the largest number in any town in the upper Monongahela valley, and about 2,000 greater than any other town in Westmoreland county. The High school enrollment is 470, about one hundred of whom are outside pupils. Six hundred beginners were enrolled and it is expected that before the end of the season the total number will reach at least 5,000

A JOINT RESOLUTION

Section 1. Be it resolved by the Senate and House of Representatives in General Assembly met, That the following amendment to the Constitution of Pennsylvania be, and the same is hereby, proposed, in accordance with the eighteenth article thereof:—

That article nine, section eight, be amended to read as follows:

Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as provided herein and in section fifteen of this article, shall never exceed seven (7) per centum upon the assessed value of the taxable property therein, but the debt of the city of Philadelphia may be increased in such amount that the total city debt of said city shall not exceed ten per centum (10) upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two (2) per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law. In ascertaining the borrowing capacity of the city of Philadelphia, at any time, there shall be deducted from such debt so much of the debt of said city as shall have been incurred or is about to be incurred and the proceeds thereof expended, or about to be expended, upon any public improvement, or in the construction, purchase, or condemnation of any public utility, or part thereof, or facility therefor, if such public improvement or public utility, or part thereof, whether separately or in connection with any other public improvement or public utility, or part thereof, may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay the interest and sinking-fund charges thereon. The method of determining such amount, so to be deducted, may be prescribed by the General Assembly.

In incurring indebtedness for any purpose the city of Philadelphia may issue its obligations maturing not later than fifty (50) years from the date thereof, with provision for a sinking-fund sufficient to retire said obligations at maturity, the payment to such sinking-fund to be in equal graded annual or other periodical instalments. Where any indebtedness shall be or shall have been incurred by said city of Philadelphia for the purpose of the construction or improvements of public works or utilities of any character, from which income or revenue is to be derived by said city, or for the reclamation of land to be used in the construction of wharves or docks owned or to be owned by said city, such obligations may be in an amount sufficient to provide for, and may include the amount of, the interest and sinking-fund charges accruing and which may accrue thereon throughout the period of construction, and until the expiration of one year after the completion of the work for which said indebtedness shall have been incurred; and said city shall not be required to levy a tax to pay said interest and sinking-fund charges as required by section ten, article nine of the Constitution of Pennsylvania until the expiration of said period of one year after the completion of said work.

HEL-LO-o-o-o PETE:

In two more shakes of a lamb's tail I'd have been between the sheets—but I got taken with another *large* idea for Camel Cigarette ads that's so bright you can phone 'em to cut the current because you just had your lamps lit!

Tell you, it's a whale of a stunt! Everybody right quiet—and hats off! NOW—far as I know or ever heard, there never has been one of those zippy slogans under that big display name "Camel". I'VE GOT ONE—get me? Put both your ears close to the ground and get the rumble of a broadside like this:

Camel

Once it meant an animal—now a Cigarette!

Wow, Pete! I'll testify that's a stoneless peach! Spread it like I've dented it in here—and you've uncorked an eyeful! Suppose you'll want to call me old Mr. Hammer because I hit the nail on the head!

And, bet real money that if this slogan stuff keeps me awake the rest of the night, I'll wire and offer it to R. J. Reynolds Tobacco Co. before you hit the deck! And, I'll be spending some of the proceeds for noon eats! In the "lang-wage" of Jigger Jones of Joplin, "you tell 'em old yacht, you've got the sales spirit!"

Blowing out of St. Louis at 10.12 tomorrow with a bundle of business. Off for Ohio. *Got something on me mind!*

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Argo-Phosphate for a Firm, Solid, Stay There Flesh and Muscle and Increase Strength, Vim, Vigor and Nerve Force

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphate commonly known by druggists as argo-phosphate; it is inexpensive and sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded. Weakness and thinness are usually due to starved nervous conditions.

Our bodies need more phosphates than are contained in the foods we eat.

If you wish a more rounded figure and plump well-developed arms, neck and bust in place of hollows you should simply take plain argo-phosphate as it builds up and restores run-down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy and ambition quickly disappear.

Pale cheeks are changed to rosy ones and dull eyes become bright.

Miss Lena Brown of Atlanta, Ga., who only weighed 90 pounds reports that she gained 10 pounds in two weeks time and says argo-phosphate has made a different person of her and she has never felt better in her life.

SPECIAL NOTICE:—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous, worn-out, debilitated conditions and the unusually large sale for argo-phosphate there will be found in the market numerous substitutes for the genuine article. All imitations are inferior preparations and owing to their unusual flesh producing qualities they should not be used by any one, unless they desire to put on flesh and increase in weight. Dispensed by Piper's Pharmacy.
